

Earnie IQ Payroll Integration datasheet

Earnie IQ

Overview

Integrating with Earnie IQ Payroll eliminates the need to enter employee hours worked into Earnie IQ.

Earnie IQ Payroll

Many UK businesses use Earnie IQ Payroll to manage payroll processes including payslips, employee pay, pensions, expenses, statutory pay, tax calculations and HMRC submissions.

timeware®

timeware® has developed an integration that following overtime approval, allows the total hours worked data held in timeware® to be transferred to Earnie IQ Payroll eliminating manual data entry.

Annual licence

The Earnie IQ Payroll Integration is enabled by an annual licence.
